

Environmental Policy

Powrmatic is one of Europe's leading manufacturers of industrial & commercial heating and ventilation equipment and is committed to minimising the impact our activities, products and services have on the environment

To fulfil these commitments, Powrmatic operates an Environmental Management System (EMS) which meets the requirements of ISO14001:2004

We are committed to:

- Minimising energy use in our buildings and business processes
- Minimising waste, in all its forms, throughout the business
- Reusing or recycling materials wherever possible
- Protecting the environment by preventing or minimising the risk of pollution arising from our operations
- Ensuring compliance with all applicable environmental legislation and regulations
- Ensuring all our employees understand the environmental impacts of their roles
- Reviewing environmental issues at the highest level within the organisation on a regular basis
- Reviewing this policy and the effectiveness of the environmental management system on a regular basis
- Continuously improving our environmental performance
